HFHPC HOME # 19 COMPLETE!!!

Habitat for Humanity Home #19 has been completed! The latest HFHPC build was dedicated on January 19, 2020.

The Jennifer Kaul family are the latest homeowners to join the Habitat Family. Thank you to all that volunteered their time, talents, and hard work to make this dream a reality for the Kaul's! At HFHPC we especially thank all our donors.

Together we are making the dream of home ownership a reality one family at a time!

IN MEMORY

MR. STAN BARNETT

Stan Barnett, founder of Habitat for Humanity of Pickens County, passed away on January 13, 2020.

Mr. Barnett honored HFHPC with 18 years of service. Habitat Pickens President Steve Greenwell stated "The homeowners [of Pickens Habitat homes] don't realize it but a lot of them owe their houses to Mr. Barnett and the foundation that he built."

At a recent reception in his honor Mr. Barnett said. "I am so grateful that I could make a contribution to the community I live in. I have been in Jasper 24 years now and it has been a great ride. I am so proud of the things this affiliate has done. We have provided, safe, decent affordable housing for so many families. Sometimes we get so wrapped up in the houses that we forget that it is the people who move into those houses that is important. And it is the people that make this organization the quality place that it is. I am so proud to be associated with you guys. Thank you all so much."

HABITAT FOR HUMANITY PICKENS COUNTY MISSION STATEMENT

Our mission is to mobilize volunteers from the churches, businesses, organizations, and households of our community to form a cohesive coalition to fund and build simple, decent, affordable housing in partnership with God and God's people in need. We do this in support of the covenants and values of Habitat for Humanity International with the ultimate goal of eliminating poverty housing in Pickens County, Georgia.

Please remember HFHPC this year with your tax deductible gifts!
